

DATURA NEBULA

TOUCHPADS

Touch the pads with your fingers. The amount of contact pressure matters. If you have dry fingers, you can improve the contact effect by licking them.

The pads are supposed to be combined, so try out everything.

A1 & A2 : OSC-1 Drone
B1 & B2 : OSC-2 Drone
C & D: High frequency interference & feedback
E & F : Filter
N1 to N6 : Noise oscillators

POTMETERS

left potmeter: OSC-1 frequency
right potmeter: OSC-2 frequency
middle potmeter: Noise frequency

Drone OSC switches:

control OSC with touchpad only or potmeter & touchpad both.
